VICTORIA COLLEGE

IN AFFILIATION WITH THE
UNIVERSITY *of* BRITISH COLUMBIA

THE purpose of Victoria College is to give students of Victoria City, adjacent municipalities, and Vancouver Island generally, an opportunity of receiving instruction in the first two years in the Arts and Science course as prescribed by the University of British Columbia. Students can attend classes in the First and Second Year in Arts and Science on the same curriculum as obtains at the parent University; they are submitted to the same tests and examinations, and may proceed directly to their third year in the University of British Columbia, or in any other University which accepts the certificates of the University of British Columbia.

The College building is situated near the junction of Yates and Fort Streets, within two minutes' walk of the street cars, and commands the most beautiful views of the City of Victoria, of the Gulf of Georgia, and of the Olympic Mountains in the State of Washington.

Students from a distance who intend to make teaching their life work, and who choose the Victoria Normal School as the place of their professional education, will find Victoria College admirably situated for the non-professional part of their studies, as they would be near the Principal of the Normal School, who is always pleased to give advice and assistance to young people who wish to enter the teaching profession.

MATRICULATION

Matriculation requirements are those of the University of British Columbia.

GENERAL INFORMATION

The Session

The College Year or Session is divided into two terms. The first begins on Tuesday, September 23rd, 1924, and the second on Monday, January 5th, 1925.

Courses of Study

For the Session 1924-25 the College offers instruction in the first two years of the Faculty of Arts and Science, leading to the degrees of Bachelor of Arts and Science, Bachelor of Applied Science.

Board and Residence

A list of approved boarding-houses which receive men or women students, but not both, may be obtained from the Registrar. Men and women students are not permitted to lodge in the same house, unless they are members of the same family, or receive special permission from the Faculty.

REGISTRATION

Application for Admission

All inquiries for admission to the College should be addressed to the Registrar.

Except under special circumstances no student under the age of sixteen is admitted to the First Year Courses in the Faculty of Arts and Science.

Candidates for admission to the courses in the First Year of the Faculty of Arts and Science, or to the course in Nursing in Applied Science, are required to pass the Junior Matriculation Examination of the Province of British Columbia, or to submit certificates showing that they have passed an equivalent examination elsewhere.

Students who have passed the Senior Matriculation Examination are admitted to the courses of the Second Year in the Faculty of Arts and Sciences.

ATTENDANCE

Those who intend to register as students of the Victoria College for the session 1924-25 are required to make application to the Registrar before Monday, September 22nd, on forms to be obtained at the Registrar's office.

There are three classes of students:

(a) Full Undergraduates — Students who have passed all the examinations precedent to the year in which they are registered.

(b) Conditioned Undergraduates—Students proceeding to a degree, but who have incomplete entrance qualifications, or who are required to pass supplemental examinations in a year previous to that in which they are registered.

(c) Partial Students—Students not belonging to one of the two preceding classes.

All students are required to attend in person at the office of the Registrar before Monday, September 22nd, to furnish the information necessary for the College records; to register for the particular classes which they wish to attend, and to sign the following declaration:

"I hereby accept and submit myself to the statutes, rules, regulations and ordinances of the Victoria College and of the Faculty in which I am registered, and to any amendments thereto which may be made while I am a student of the College, and I promise to observe the same."

In the information furnished for the College records, students are requested to state what churches they propose to make their place of worship. This information is available for any of the city churches desiring it.

Students registering for the first time must present the certificates which constitute their qualification for admission to the course of study for which they wish to register.

Students are required to attend at least seven-eighths of the lectures in each course that they take. Admission to a lecture or laboratory and credit for attendance may be refused by the Instructor for lateness, misconduct, inattention or neglect of study. Absence consequent on illness or domestic affliction may be excused only by the Principal, and medical certificates or other evidence must be presented immediately on return to College work. In cases of deficient attendance students may (with the sanction of the Principal and the Head of the Department concerned) be excluded from the final examination in a course; but unless the unexcused absences exceed one-fourth of the total numbers of lectures in a course, such students may sit for supplemental examination.

FEES

The sessional fees are as follows:

For Full and Conditioned Undergraduates—

First Term, payable on or before Oct. 6....	\$40.00
Second Term, payable on or before Jan. 19..	35.00
Alma Mater fee, payable on or before Oct. 6	3.00

\$78.00

For Partial Students—

Registration Fee, payable on or before Oct.	
6	\$15.00
Sessional Fee, for each subject taken.....	15.00
Alma Mater fee, payable on or before Oct. 6	3.00

After these dates an additional fee of \$2.00 will be exacted of all students in default.

The Alma Mater Fee is a fee exacted from all students for the support of the Alma Mater Society, and was authorized by the Board of Governors at the request of the students themselves.

Students registering after October 6th, shall pay their fee at the time of registration.

SCHOLARSHIPS AND PRIZES

KIWANIS—One hundred dollars (\$100) awarded to a man student completing his First Year and entering his Second Year in the Victoria College.

UNIVERSITY WOMEN'S CLUB—Fifty dollars (\$50) awarded to the woman student taking the highest standing in her First Year, provided she is proceeding with her course.

VICTORIA WOMEN'S CANADIAN CLUB—Seventy-five dollars (\$75) awarded to the woman student taking the highest standing in the Matriculation Examination for entrance to the Victoria College.

VICTORIA MEN'S CANADIAN CLUB—Prize awarded to the student in the Second Year of the Victoria College taking the highest standing in Canadian History.

CECELIA GREEN MEMORIAL SCHOLARSHIP—One hundred dollars (\$100) awarded to the student of Victoria High School who ranks first in general proficiency in the Junior Matriculation Examination of the University of British Columbia, held in June. This Scholarship is awarded only to a student in attendance at Victoria College or other institution approved by a Special Committee.

I. O. D. E.—A Scholarship of \$300 a year, for four years, awarded to the son of a soldier who was either killed or totally disabled in the Great War. This Scholarship is open to any student in the Province, and applications should be sent to the Provincial Secretary of the I. O. D. E.

COURSES LEADING TO DEGREE OF B. A.

First and Second Years

The work of the first two years consists of 30 units, 15 of which must be taken in each year.

Each student must take:

	Units
(a) English 1 in the First Year and English 2 in the Second Year.....	6
(b) The first two courses in a language offered for Matriculation, one course in each year.	6
(c) Mathematics 1 in the First Year.....	3
(d) History 1 or 2 or 3, or Philosophy 1, or Economics 1	3
(e) Chemistry 1, or Physics 1	3
(f) Three courses, not already chosen, selected from the following: Chemistry 1, Economics 1 (if possible), French 1, French 2, Greek 1, Greek 2, History 1, History 2, Mathematics 2, Mathematics 4, Philosophy 1, Physics 1	9

No student in his First Year may elect more than one beginner's course in language, and no beginner's course in language will count towards a degree unless followed by a Second Year's work in that language.

A student taking three languages in the first two years may defer the course selected under (e) above to the Third or Fourth Year.

Note—(For students intending to enter the Faculty of Applied Science)—Physics 1 must be taken in the First Year. Chemistry 1 will be accepted in lieu of the corresponding course in First Year Applied Science. French is advisable for students intending to enter Geological Engineering.
